

Ph.D. Scholarships in Materials Science & Engineering, NTU, Singapore

The School of Materials Science and Engineering in Nanyang Technological University (one of the largest Materials schools in research in the world, <http://www.mse.ntu.edu.sg/>), is looking for outstanding PhD students in the following research areas :

- Biomaterials & Biomedical Devices
- Computational Materials Science
- Defence Materials
- Materials for Sustainable Energy & Charge Storage
- Nanoelectronics, Nanomaterials & Multiferroics

Requirements:

- 2nd upper class and above Bachelor's or Master's degree in Chemistry, Materials or Chemical Engineering. Applicants **must have** good GRE score (1200 + 3.5 (AW)) and TOEFL (570 paper based) in the last 2 years. Candidates may submit IELTS in lieu of TOEFL. The minimum score for IELTS is 6.
- Students who do not have GRE or TOEFL/ IELTS scores but have good academic results are also encouraged to apply.

The successful candidate will receive: **Full stipend and tuition fees for 4 years. The starting monthly stipend is SGD 2,000 (1 SGD = 5.2 RMB) and will be adjusted to SGD 2,500 upon passing the Ph.D qualifying examination. Attractive fellowships for overseas attachment and conference support are available on a competitive basis.**

Scholarships for **January and August 2012** admissions are available.

Please email your complete resume and academic transcripts to: Assoc Chair (Research), email: mse-recruitment@ntu.edu.sg by **18th Sept 2011**.

Interviews will be held in Beijing in the month of September 2011 for selected candidates.
Selected candidates will be notified of details by e-mail.
